As requested, Latham & Watkins LLP is submitting an amendment to Item 9 of Exhibit B of its registration pursuant to the Foreign Agents Registration Act to provide additional detail regarding political activities.

The current Exhibit B reads: "Between January 14-January 15, 2019, registrant participated alongside foreign principal and other FARA-registered persons representing him in meetings with Congressional staff to help explain certain legal and technical elements of foreign principal's plan to eliminate majority ownership and control of En+ by Oleg Deripaska, a sanctioned person, and the legal process with the U.S. Treasury Department's Office of Foreign Assets Control ("OFAC") in connection with the petition to OFAC to remove En+ from the sanctions list. On January 15, registrant responded to certain emails from Congressional staffers requesting follow-up details about the same issues."

Specifically, the activities at issue were as follows:

On January 14, 2019, registrant participated in an office meeting with John V. O'Hara, Chief Counsel, National Security, U.S. Senate Committee on Banking, Housing and Urban Affairs, to discuss legal and technical elements of the foreign principal's plan to eliminate majority ownership and control of En+ by Oleg Deripaska, a sanctioned person, and the legal process with OFAC in connection with the petition to remove En+ from OFAC's list of Specially Designated Nationals ("SDN List").

On January 14, 2019, registrant participated in an office meeting with Andrew Olson, Senior Advisor, U.S. Senate Foreign Relations Committee, to discuss legal and technical elements of the foreign principal's plan to eliminate majority ownership and control of En+ by Oleg Deripaska, a sanctioned person, and the legal process with OFAC in connection with the petition to remove En+ from the SDN List.

On January 15, 2019, registrant participated in an office meeting with Robert Zarate, Senior Foreign Policy Advisor to U.S. Senator Marco Rubio, and Michael Needham, Chief of Staff to Senator Rubio, to discuss legal and technical elements of the foreign principal's plan to eliminate majority ownership and control of En+ by Oleg Deripaska and the legal process with OFAC in connection with the petition to remove En+ from the SDN List.

On January 15, 2019, registrant provided requested follow-up information in two separate email exchanges, one with Mr. O'Hara and one with Mr. Zarate, focusing on legal and technical elements of the plan to eliminate majority ownership and control of En+ by Oleg Deripaska and OFAC's sanctions removal process and requirements.

On January 14 and 15, 2019, registrant provided information and comments concerning the legal and technical elements of the issues described above to members of the Mercury Group, another FARA registrant representing the same foreign principal, in connection with written materials prepared by Mercury for dissemination to the individuals identified above and others, as reflected in Mercury's own FARA filings.
